

NURS109 : LPN Transition Course

Bridges the LPN into the second semester of nursing. Successful completion enables the LPN to receive an additional eight credits (for NURS110-Nursing I course). The LPN student is introduced to the role of the RN, emphasizing the nursing process and physical assessment, along with medical-surgical nursing concepts specific to the adult.

Credits 1

Lecture Hours 1

Lab/Clinical/Field Study Hours 0

Prerequisites

Current NJ LPN License and acceptance into the LPN advanced placement program; completion of all prerequisites for NURS112
