## Culinary Arts, Associate in Applied Science

This degree offers training for culinary and food and beverage personnel for careers in the growing food service and hospitality industries. Students learn different styles and techniques for ordering, preparing and serving food, planning menus, incorporating computer technology, as well as working with an assortment of modern tools and equipment. Nearly $75 \%$ of the study will be "hands on" experience under the supervision of the faculty in the Academy's fully equipped modern facility.

Students are required to take the Placement Test and, if applicable, complete all mathematics and reading courses, with a C or better, up to and including MATHO73-Introduction to Algebra I and ENGLO8O-Reading and Writing II. General Education courses may be taken as offered during the program.

In addition to coursework, students are required to complete 400 hours of documented work experience (Cooperative Education, Internship, Externship or Service-Learning).

For additional program information, please contact the Culinary department at (609) 343-4944.

## Upon completion of this program students will be able to:

- Demonstrate knowledge and professional skills and techniques necessary for entry-level culinary, baking and pastry, and food service management positions;
- Identify and apply sanitation standards for the safe handling of food, beverage, tools and equipment throughout the flow of a foodservice operation in both the front and back of the house;
- Evaluate nutritional content of recipes and/or formulas with the ability to adjust recipes to produce healthier options, based on industry trends and consumers' dietary needs;
- Apply the basic principles and applications of culinary mathematics as they apply to the food service industry;
- Identify and apply basic ingredients, techniques, science and design artistry behind standard culinary/baking \& pastry products;
- Communicate effectively, professionally, and respectfully with diverse teams and customers.
