

A General Education Foundation for Associate in Arts, Associate in Science, Specialized Associate and Certificate Programs in New Jersey's Community Colleges

The goals and objectives developed by the N.J. County College General Education Project are a suitable basis on which to establish a collaborative approach to general education transfer across institutions and sectors. Each participating community college agrees to offer programs with a common foundation of general education courses as provided in the following table. The balance of each program (which typically provides a range of required and elective courses) will be designed at the discretion of the community college.
