

Nonprofit Resource Center

The Nonprofit Resource Center offers free access to the Funding Information Network (FIN) at two campus locations: The Mullock Family Library on the Cape May campus, and at the Worthington Information Commons/Library on the Atlantic City campus. The FIN is a suite of online resources from Candid (previously known as the Foundation Center). The FIN offers the most up-to-date information on available grant opportunities and funding history for 140,000+ U.S. and international foundations, corporations, and federal agencies.

The nonprofit resource centers are made possible thanks to the Atlantic Cape Foundation, the ThriveAC Fund and the Cape May County BizHub. Email fin@atlanticcape.edu for more information.
