

Re-Enrollment to Atlantic Cape

Re-Enrollment is for Atlantic Cape students who have withdrawn from active enrollment status in good academic standing and are seeking to return to complete their degree. Students do not have to complete a new application for admission or retake courses that have been successfully completed, unless specified in academic program requirements. The One Stop Welcome Center guides visitors regarding their holds and how to return as a student. Select programs including the Academy of Culinary Arts and Nursing and Health Sciences have department-specific re-enrollment procedures.
