

Student Government Association

All Atlantic Cape students are members of the Student Government Association. The main policy-making body of SGA is the student senate. Comprised of representatives from all student clubs, the senate is responsible for supervising the work of SGA committees, chartering student organizations, approving budgeting of all funds, determining student policy and working with faculty and administration to improve the College. To contact SGA by email: sga@atlantic.edu. The office is located in the Student Center, G building, first floor, on the Mays Landing Campus. For information visit www.atlantic.edu/student-life/student-engagement/sga.
